**MY SENIOR CARD  
ACCESS TO BETTER  
HEALTHCARE!**

In 2014, HealthNet, a subsidiary of the Lab Medica Group announced its affiliation with the Trinidad and Tobago Association of Retired Persons (TTARP) to promote a medical discount program called My Senior Card.

This program is available to all persons age fifty (50) and over, and provides access to affordable and comprehensive medical, dental, diagnostic and clinical care services at all Lab Medica-HealthNet Locations.

My Senior Card offers subscribers a Free Annual Medical since both organizations realize the importance of preventative proactive measures in preserving and maintaining a good healthy lifestyle. Follow up consultations will be provided at a fraction of the cost at other medical institutions, with doctors visits costing only \$40 per visit.

The collaboration with TTARP allows its members to subscribe to the My Senior Card program at preferred rates, but all seniors age fifty (50) and over is welcomed.

The Lab Medica Group consists of HealthNet, Lab Medica Laboratories and South Coast Medical Centre, which are conveniently located throughout Trinidad. Services being offered are Doctor's visits, Specialist Medical Consultations, Dental, Physiotherapy, Colonoscopy, Occupational Health Services (OSHA Medicals, Fitness Medical, Annual Medicals Etc), Laboratory & Substance Abuse Testing, Ultrasound, ECG, Vision, Audiometry, Spirometry and Mobile Medical Services.

It is our intention to make superior yet affordable healthcare services available to all seniors!! To get more information, persons may contact 285-4637 / 4636 or TTARP at 221-7771.
